

DURAGRID® Pultruded Grating

- Subsea impact protection; ROV skid plates
- Phenolic Grating
 - Walkways and access platforms – skid grating, FPSO turrets
 - Stair treads
 - Nosing for landings
- ET-5000
 - Crane boom service walk
- HD Grating
 - Impact protection (dropped object) – chillers, after-coolers
 - Boat landings & jacket grating
- HD Grating & EXTREN Plate
 - Rig movement mats on ice roads

DURAGRATE® Molded Grating

- Personnel protection - machinery
- Subsea impact protection, boat landings and jacket grating

DURATREAD™ Stair Tread Covers

- Landing covers & replaceable anti-slip stair tread covers – with or without words

SAFRAIL™ Railing System

- Handrail – round or square - numerous configurations
- Handrail/lighting Fixtures
- Kickplate – 4 or 6 inches on FRP Handrails or Steel Handrails

SAFRAIL™ Ladder & Cage System

- Ladders; ladders w/cages; diamond rung ladders

EXTREN® Structural Shapes

- Plate
 - Gritted and bonded to grating for solid deck
 - Signs – plain or gritted (“*Use Handrails*” reminder signage)
 - Penetration covers (typical small)
 - Covers – trip protection – cutouts for instrument stands
 - Transition Plates between flooring elevation variance
 - Load dispersion – lay down – heavy trolley loads on grated surfaces
 - Instrumentation boxes – rust free enclosures
 - Plate for control panels
- Fabricated Structure
 - Hop-ups; small access structures, ship stairs, battery storage racks
- F Section
 - Kickplate – attaches to grating
- Tube
 - Pole lighting
 - Instrument panel supports

FRP Pipe Sleeves

- Around pipe penetrations (typical NORSOK)

SAFPLANK® Interlocking Decking Panel

- Windwalls
- Sunshade/roof/cover
- Storage shelves
- Mezzanine flooring

DURASHIELD® Foam Core or Hollow Core Building Panel System

- Extreme climate building cladding – Arctic or Desert
- Equipment enclosures – valve boxes – extreme environment
- Buildings, covers
- Mast/derrick enclosures

COMPOSOLITE® Building Panel System

- Green water barriers – protection from sea spray, battery storage buildings

HS Armor Ballistic Panels

- Resists handgun penetration

HS Storm Storm Panels

- Lightweight protection for glass during high wind

Phenolic Rod

- Leveling bar – PFP measurement

Phenolic bearing pads
